

## WELCOME TO BIG SKY RESORT

GET OUT OF THE CAR and into some big time family bonding. After you've seen the wonders of Yellowstone, stretch your legs at Big Sky Resort's Mountain Village. Choose adventures ranging from mild to wild or just relax with fine accommodations, spa, shops and restaurants. Here's a sampling of what awaits you:

### FOR THE LITTLE ONES

Parents can sip a cool beverage or order lunch alfresco while the tykes enjoy the free playground, putting green and tipi all within eyeshot. The only distraction will be the squeals of excitement coming from the kids on the bungee trampoline, climbing wall or swimming pools nearby.

### FOR THE MODERATELY ADVENTUROUS

Ride the scenic lift to a lofty 8800 feet and take a leisurely hike along the crest of Andesite Mountain with its 360-degree views or dip your toes in Lake Levinski as you paddle across its mirrored surface. Great for all ages.

### FOR THE THRILLSEEKERS

For the complete aerial adventure, ride the scenic Twin Zip high above the Village, then take the short trek to the high ropes course with a myriad of challenges over 30 feet in the air. Finish with a fast and fun triple Zipline Tour. If two wheels are more your speed, try the new cross-country mountain bike trail or gear up for serious lift-served downhill biking with long-travel, full-suspension bikes.

Of course, no resort would be complete without an 18-hole golf course, full-service spa and fine dining. You'll find it all at Big Sky Resort.
