In a fun and friendly setting, this 2-hour workshop will provide you with the basics of the Outward Mindset philosophy and how it applies to the success of our temple.

The Conleys have presented at many Shrine Leadership conferences and have been known to "bring down the house."

Bob has spent many years teaching leadership principles throughout the US and Canada. JoNeil, an RN, spent 10 years consulting and teaching healthcare leaders success strategies and has a coaching practice.

Together they offer a fresh approach to dealing with people and "problems"--by addressing our mindset, making the most of every moment, so we can do what matters to all of us--**Helping Kids!**

Closing Remarks, Illustrious Sir Tim Daniels

Benediction, Illustrious Sir Bill Harward, Treasurer
